

Town of Sandy Creek Comprehensive Plan Public Meeting

CALLING ALL RESIDENTS!

**THE TOWN OF SANDY CREEK
NEEDS YOUR HELP**

A public meeting will be held at the **Sandy Creek District Board Room on Tuesday, April 17, 2007 from 7 to 9 pm** to obtain input from you, the community, to help the Town write a comprehensive plan that will guide future growth and development, while maintaining the unique character of Sandy Creek.

The major components of the Town of Sandy Creek Comprehensive Plan will include:

- An assessment of the community, trends in population, housing, economics and land use;
- The identification of the community's vision for the future;
- A detailed explanation of the goals and objectives for achieving the community's vision for housing, public facilities, education, public safety, cultural and recreational resources, economic development, land use regulations and environmental protection; and
- An implementation strategy that states the short, medium and long-term action items that will support the goals and objectives of the plan.

The comprehensive plan will reflect the views of the entire community. **Everyone is encouraged to attend!**

For more information contact Steve Gove at (315) 387-3729 or Lonnie Crast at (315) 387—5330or
visit the project website www.cnyrpdb.org/sccp/

Refreshments will be served
